GAME 01 | 28 OCT 2026 | NBA REGULAR SEASON | ATLANTA

HEAT AT HAWKS

USA: 19:00 EDT | 16:00 PDT

CENTRAL EUROPE: 29 OCT 00:00 CET | UK: 28 OCT 23:00 GMT

WHAT TO WATCH

Miami's 113-109 loss to Dallas left it winless at the cutoff, while Atlanta also needs a response after losing in Houston. The home lean is Atlanta if it keeps the ball moving and limits transition chances. Miami can overturn the pick by controlling the paint and converting offensive rebounds into efficient second possessions rather than settling for hurried jumpers.

GAME 02 | 28 OCT 2026 | NBA REGULAR SEASON | CLEVELAND

WIZARDS AT CAVALIERS

USA: 19:00 EDT | 16:00 PDT

CENTRAL EUROPE: 29 OCT 00:00 CET | UK: 28 OCT 23:00 GMT

WHAT TO WATCH

Cleveland's overtime win over Minnesota provides the stronger immediate form signal; Washington just lost in Charlotte. The Cavaliers get the home lean through patient half-court possessions and pressure on the ball. Watch whether Washington can avoid live-ball turnovers and finish defensive possessions with rebounds. Easy transition points are the clearest route to a competitive fourth quarter.

GAME 03 | 28 OCT 2026 | NBA REGULAR SEASON | DETROIT

HORNETS AT PISTONS

USA: 19:00 EDT | 16:00 PDT

CENTRAL EUROPE: 29 OCT 00:00 CET | UK: 28 OCT 23:00 GMT

WHAT TO WATCH

Detroit held Philadelphia to 93 points on Sunday, but must travel home after Tuesday's New York game. Charlotte's recent scoring response makes this a genuine test rather than an easy home pick. The lean is Detroit if it protects the glass and keeps the Hornets out of transition. Recheck the Pistons' post-Tuesday availability before relying on that edge.

GAME 04 | 28 OCT 2026 | NBA REGULAR SEASON | INDIANAPOLIS

76ERS AT PACERS

USA: 19:00 EDT | 16:00 PDT

CENTRAL EUROPE: 29 OCT 00:00 CET | UK: 28 OCT 23:00 GMT

WHAT TO WATCH

Philadelphia needs a sharper offensive response after Sunday's loss to Detroit; Indiana comes off a defeat in Milwaukee. The Pacers get a narrow home lean if they push into early offense without donating turnovers. Watch Philadelphia's ability to make Indiana defend late in possessions. A slower game with fewer open-floor opportunities is the strongest counterargument to the home pick.

GAME 05 | 28 OCT 2026 | NBA REGULAR SEASON | TORONTO

MAGIC AT RAPTORS

USA: 19:30 EDT | 16:30 PDT

CENTRAL EUROPE: 29 OCT 00:30 CET | UK: 28 OCT 23:30 GMT

WHAT TO WATCH

Orlando's win in New York contrasts with Toronto's heavy loss in Minnesota. The Magic get the road lean, with defensive rebounding and controlled penetration the key tests. Toronto can change the picture by keeping the ball out of crowded areas and creating cleaner catch-and-shoot looks. This is the first of two meetings in Toronto, so Friday's forecast should be revisited afterward.

EDITORIAL PICK

GAME 06 | 28 OCT 2026 | NBA REGULAR SEASON | CHICAGO

KNICKS AT BULLS

USA: 20:00 EDT | 17:00 PDT

CENTRAL EUROPE: 29 OCT 01:00 CET | UK: 29 OCT 00:00 GMT

WHAT TO WATCH

Chicago allowed 134 points in Boston, while New York also needs an offensive reset after losing to Orlando. The Knicks receive the road lean, tempered by travel after Tuesday's home game. Watch their defensive balance when shots miss: giving Chicago open-floor chances would erase much of the case for New York. The Bulls need early paint touches rather than an exclusively perimeter response.

ROCKETS AT BUCKS

USA: 20:00 EDT | 17:00 PDT

CENTRAL EUROPE: 29 OCT 01:00 CET | UK: 29 OCT 00:00 GMT

WHAT TO WATCH

Houston's win over Atlanta supplies the stronger recent offensive signal; Milwaukee just earned a needed victory over Indiana. The Rockets are the road pick if they generate paint touches without losing their spacing. Watch how the Bucks defend the first action and recover to shooters. Milwaukee's best counter is to slow the game and make Houston finish long half-court possessions.

EDITORIAL PICK

WARRIORS AT TIMBERWOLVES

USA: 20:00 EDT | 17:00 PDT

CENTRAL EUROPE: 29 OCT 01:00 CET | UK: 29 OCT 00:00 GMT

WHAT TO WATCH

Golden State finally broke through in Denver, while Minnesota lost a close overtime game in Cleveland. The Timberwolves get a narrow home lean, but another high-scoring Warriors response would make that fragile. Watch shot quality rather than only three-point totals: Minnesota needs to protect the defensive glass, and Golden State needs to avoid turning difficult misses into immediate transition chances.

EDITORIAL PICK

GAME 09 | 28 OCT 2026 | NBA REGULAR SEASON | NEW ORLEANS

NUGGETS AT PELICANS

USA: 20:00 EDT | 17:00 PDT

CENTRAL EUROPE: 29 OCT 01:00 CET | UK: 29 OCT 00:00 GMT

WHAT TO WATCH

Denver must repair the defensive control it lost against Golden State. The Nuggets get the road lean if they establish patient interior touches and make New Orleans defend several actions per possession. Watch the Pelicans' defensive rebounding and ability to create running chances off turnovers. An open-floor game with repeated easy baskets would work against the visitors' preferred script.

EDITORIAL PICK

GAME 10 | 28 OCT 2026 | NBA REGULAR SEASON | SALT LAKE CITY

SPURS AT JAZZ

USA: 21:00 EDT | 18:00 PDT

CENTRAL EUROPE: 29 OCT 02:00 CET | UK: 29 OCT 01:00 GMT

WHAT TO WATCH

Utah's frontcourt availability needs a fresh check after Monday's injuries. San Antonio gets the road lean, but also travels after hosting Sacramento on Tuesday. Watch whether the Spurs can turn stops into organized early offense without rushing shots. Utah's route is a possession game with secure defensive rebounds, fewer turnovers and more trips that reach the free-throw line.

EDITORIAL PICK

Spurs

GAME 11 | 28 OCT 2026 | NBA REGULAR SEASON | DALLAS

THUNDER AT MAVERICKS

USA: 21:30 EDT | 18:30 PDT

CENTRAL EUROPE: 29 OCT 02:30 CET | UK: 29 OCT 01:30 GMT

WHAT TO WATCH

Oklahoma City is without Jalen Williams and Cason Wallace, changing the depth calculation. Dallas gets a narrow home lean after its win in Miami. The test is whether the Mavericks can force repeated half-court decisions without giving away transition points. Oklahoma City can reverse the pick through disciplined ball pressure and by keeping its available creators out of early foul trouble.

EDITORIAL PICK

Mavericks

PROJECTED SCORE

OKC 112 - DAL 116

GAME 12 | 28 OCT 2026 | NBA REGULAR SEASON | INGLEWOOD

LAKERS AT CLIPPERS

USA: 22:30 EDT | 19:30 PDT

CENTRAL EUROPE: 29 OCT 03:30 CET | UK: 29 OCT 02:30 GMT

WHAT TO WATCH

The Lakers' Tuesday game creates a short turnaround, making postgame availability central to this matchup. The Clippers receive a narrow lean for the preparation window, even though both teams are based in the Los Angeles area. Watch defensive rebounding and early turnovers. The Lakers can overcome the schedule disadvantage by keeping possessions efficient instead of relying on another exceptional individual scoring night.

EDITORIAL PICK

Clippers

GAME 13 | 29 OCT 2026 | NBA REGULAR SEASON | ATLANTA

CAVALIERS AT HAWKS

USA: 20:00 EDT | 17:00 PDT

CENTRAL EUROPE: 30 OCT 01:00 CET | UK: 30 OCT 00:00 GMT

Both teams play Wednesday. Cleveland must travel, while Atlanta stays home. The Cavaliers get the narrow lean for half-court execution; Atlanta can reverse it through offensive rebounds and a cleaner start.

PICK: Cavaliers | PROJECTED: CLE 118 - ATL 114

Schedule and context: [2] [6] [8]

GAME 14 | 29 OCT 2026 | NBA REGULAR SEASON | NEW ORLEANS

KINGS AT PELICANS

USA: 20:00 EDT | 17:00 PDT

CENTRAL EUROPE: 30 OCT 01:00 CET | UK: 30 OCT 00:00 GMT

New Orleans plays on consecutive nights, while Sacramento has Wednesday off. The Kings get a narrow road lean if they protect the ball; the Pelicans need defensive rebounds and efficient transition chances.

PICK: Kings | PROJECTED: SAC 117 - NOP 113

Schedule and context: [1] [2] [25]

GAME 15 | 29 OCT 2026 | NBA REGULAR SEASON | PORTLAND

GRIZZLIES AT TRAIL BLAZERS

USA: 22:00 EDT | 19:00 PDT

CENTRAL EUROPE: 30 OCT 03:00 CET | UK: 30 OCT 02:00 GMT

Memphis gets the road lean after wins over Sacramento and Utah. Portland's Tuesday trip adds travel. Defensive rebounding and avoiding live-ball turnovers are the Blazers' clearest ways to keep this close.

PICK: Grizzlies | PROJECTED: MEM 119 - POR 113

Schedule and context: [2] [13] [19] [25]

DIGITAL WORLD PULSE

GAME 16 | 30 OCT 2026 | NBA CUP GROUP PLAY | WASHINGTON

HORNETS AT WIZARDS

USA: 19:00 EDT | 16:00 PDT

CENTRAL EUROPE: 31 OCT 00:00 CET | UK: 30 OCT 23:00 GMT

WHAT TO WATCH

Charlotte won Monday's meeting 110-103, but the location now changes to Washington. The Hornets retain a small lean if they generate useful paint touches and limit second chances. Watch whether the Wizards can create cleaner first-quarter offense instead of chasing another deficit. Reassess after Wednesday's games; this early-week pick does not assume either team's intervening result.

EDITORIAL PICK

BULLS AT CELTICS

USA: 19:30 EDT | 16:30 PDT

CENTRAL EUROPE: 31 OCT 00:30 CET | UK: 30 OCT 23:30 GMT

WHAT TO WATCH

Boston dominated Monday's meeting, giving it the stronger starting case for this Cup opener. The Celtics remain the home pick without assuming a repeat of the same shooting night. Watch Chicago's transition defense and whether it can avoid long empty stretches. The Bulls need better shots near the basket and fewer possessions that end with contested late-clock jumpers.

EDITORIAL PICK

GAME 18 | 30 OCT 2026 | NBA CUP GROUP PLAY | BROOKLYN

PISTONS AT NETS

USA: 19:30 EDT | 16:30 PDT

CENTRAL EUROPE: 31 OCT 00:30 CET | UK: 30 OCT 23:30 GMT

WHAT TO WATCH

Detroit's defensive showing in Philadelphia is the stronger early reference; Brooklyn allowed Indiana to reach 136 points on Sunday. The Pistons get the road lean if they keep attacking the paint and control turnovers. The Nets' counter is to secure rebounds and force Detroit into a slower perimeter game. Tuesday and Wednesday developments still need checking before this Cup matchup.

EDITORIAL PICK

KNICKS AT 76ERS

USA: 19:30 EDT | 16:30 PDT

CENTRAL EUROPE: 31 OCT 00:30 CET | UK: 30 OCT 23:30 GMT

WHAT TO WATCH

New York faces its third game in four nights, while Philadelphia plays at home after a day off. That schedule difference supports a narrow 76ers lean, provided their key players remain available. Watch ball security and the quality of the first half-court action. The Knicks can overturn the pick by limiting second chances and keeping the game within one late possession.

EDITORIAL PICK

GAME 20 | 30 OCT 2026 | NBA CUP GROUP PLAY | TORONTO

MAGIC AT RAPTORS

USA: 19:30 EDT | 16:30 PDT

CENTRAL EUROPE: 31 OCT 00:30 CET | UK: 30 OCT 23:30 GMT

WHAT TO WATCH

This is the second Orlando-Toronto meeting in three days, so adjustments matter more than repeating Wednesday's script. The opening-window lean remains Orlando, but the first meeting is still unknown at the cutoff. Watch how each side changes its spacing and ball-screen coverage. Toronto's home response and better defensive rebounding could quickly turn this into the tighter contest projected here.

EDITORIAL PICK

Magic

PROJECTED SCORE

ORL 112 - TOR 110

Schedule and context: [3] [15] [17] [24]

GAME 21 | 30 OCT 2026 | NBA CUP GROUP PLAY | DALLAS

ROCKETS AT MAVERICKS

USA: 20:00 EDT | 17:00 PDT

CENTRAL EUROPE: 31 OCT 01:00 CET | UK: 31 OCT 00:00 GMT

WHAT TO WATCH

The Texas matchup leans narrowly toward Houston, supported by its recent offensive control against Atlanta. Dallas has enough home-court opportunity to make that a close call. Watch the balance between paint touches and kick-out passes: rushed attempts would help the Mavericks run. Neither Wednesday's Thunder-Mavericks result nor Houston's Milwaukee visit is assumed in this forecast; update the view after those games.

EDITORIAL PICK

PROJECTED SCORE

HOU 118 - DAL 114

DIGITAL WORLD PULSE

GAME 22 | 30 OCT 2026 | NBA CUP GROUP PLAY | MIAMI

PACERS AT HEAT

USA: 20:00 EDT | 17:00 PDT

CENTRAL EUROPE: 31 OCT 01:00 CET | UK: 31 OCT 00:00 GMT

WHAT TO WATCH

Miami's early struggles create a small Indiana lean, but the Pacers also need a more complete response after losing in Milwaukee. Watch who controls the first pass after a defensive rebound. Indiana benefits from organized pace; Miami benefits from making the visitors defend repeated half-court actions. This is an early-week road opinion, not an assumption about Wednesday's results or Friday's final rotations.

EDITORIAL PICK

Pacers

PROJECTED SCORE

IND 116 - MIA 113

CLIPPERS AT TIMBERWOLVES

USA: 20:00 EDT | 17:00 PDT

CENTRAL EUROPE: 31 OCT 01:00 CET | UK: 31 OCT 00:00 GMT

WHAT TO WATCH

Minnesota gets the home lean if it can create paint pressure without sacrificing defensive balance. The Clippers' chance improves when the game becomes a controlled half-court contest with few extra possessions. Watch the defensive glass and foul accumulation before drawing conclusions from a short shooting burst. Both teams still have Wednesday games to play at this guide's cutoff.

LAKERS AT WARRIORS

USA: 22:00 EDT | 19:00 PDT

CENTRAL EUROPE: 31 OCT 03:00 CET | UK: 31 OCT 02:00 GMT

WHAT TO WATCH

Golden State's breakthrough in Denver is an encouraging reference, but it does not establish a reliable season-long shooting level. The Warriors get a narrow home lean. Watch whether they can create clean perimeter attempts without losing defensive rebounding position. The Lakers can reverse the pick through efficient interior possessions and fewer live-ball turnovers. Recheck both teams after Wednesday's games.

EDITORIAL PICK

GAME 25 | 30 OCT 2026 | NBA CUP GROUP PLAY | PHOENIX

NUGGETS AT SUNS

USA: 22:00 EDT | 19:00 PDT

CENTRAL EUROPE: 31 OCT 03:00 CET | UK: 31 OCT 02:00 GMT

WHAT TO WATCH

Denver gets the road lean in a matchup where defensive recovery matters as much as scoring talent. Both teams must respond to losses in which their opponents reached at least 125 points. Watch whether Phoenix can keep the Nuggets away from comfortable interior catches. The Suns' winning script is better ball security, disciplined rebounding and sustained pressure that makes Denver defend multiple actions.

TRAIL BLAZERS AT JAZZ

USA: 15:00 EDT | 12:00 PDT

CENTRAL EUROPE: 31 OCT 20:00 CET | UK: 31 OCT 19:00 GMT

WHAT TO WATCH

The early afternoon start makes preparation and availability worth checking, especially with Utah's frontcourt uncertainty. Portland gets the road lean if it protects possessions and keeps the Jazz from building easy second-chance offense. Watch the quality of Utah's first-quarter shots rather than simply its pace. The Blazers' Thursday game must also be assessed before turning this opening-window opinion into a game-day view.

76ERS AT HORNETS

USA: 18:00 EDT | 15:00 PDT

CENTRAL EUROPE: 31 OCT 23:00 CET | UK: 31 OCT 22:00 GMT

WHAT TO WATCH

Both teams play Friday before traveling into this matchup, so final rotations need a fresh check. Charlotte gets a small home lean, supported by its recent offensive response, without assuming another standout individual scoring performance. Watch the defensive glass and free throws. Philadelphia can overturn the pick by forcing a slower game and turning its best possessions into high-quality shots near the rim.

HAWKS AT PELICANS

USA: 19:00 EDT | 16:00 PDT

CENTRAL EUROPE: 01 NOV 00:00 CET | UK: 31 OCT 23:00 GMT

WHAT TO WATCH

Atlanta gets the road lean if it can keep the offense organized and make New Orleans defend several actions. The Pelicans' best chance is to create early running opportunities and punish missed defensive rebounds. Watch ball security in the first quarter. Both teams' Wednesday and Thursday games remain ahead of this edition's cutoff, so the later-week form picture is intentionally left open.

TIMBERWOLVES AT SPURS

USA: 20:00 EDT | 17:00 PDT

CENTRAL EUROPE: 01 NOV 01:00 CET | UK: 01 NOV 00:00 GMT

WHAT TO WATCH

San Antonio gets a narrow home lean in one of the window's closer projections. Minnesota's response to its overtime defeat is worth watching, but its intervening games are still unknown. The Spurs need secure defensive rebounds and efficient possessions against set defense. The Timberwolves can reverse the pick through sustained paint pressure and by limiting San Antonio's free-throw opportunities.

KINGS AT GRIZZLIES

USA: 20:00 EDT | 17:00 PDT

CENTRAL EUROPE: 01 NOV 01:00 CET | UK: 01 NOV 00:00 GMT

Memphis won Sunday's meeting and gets the home lean again. Sacramento can reverse the pick by protecting the ball, finishing defensive rebounds and preventing the Grizzlies from turning every miss into a running chance.

PICK: Grizzlies | PROJECTED: SAC 110 - MEM 119

CAVALIERS AT BUCKS

USA: 20:00 EDT | 17:00 PDT

CENTRAL EUROPE: 01 NOV 01:00 CET | UK: 01 NOV 00:00 GMT

Cleveland gets a narrow road lean, but Milwaukee has an extra off day after Wednesday. Watch late-clock shot quality and second chances; the Bucks need disciplined possessions that force the visitors to defend repeatedly.

PICK: Cavaliers | PROJECTED: CLE 117 - MIL 112

Schedule and context: [1] [2] [4] [8] [21]

CENTRAL EUROPE: 01 NOV 01:30 CET | UK: 01 NOV 00:30 GMT

Houston plays on consecutive nights after Dallas, which tempers the home lean against a depleted Thunder rotation. Watch ball security and defensive rebounding; Oklahoma City's best route is making fatigue turn into extra possessions.

CENTRAL EUROPE: 01 NOV 21:30 CET | UK: 01 NOV 20:30 GMT

WHAT TO WATCH

Boston gets a narrow road lean, with disciplined spacing and defensive rebounding the main requirements. Orlando's win in New York shows why a comfortable favorite label would be misplaced. Watch the Magic's ability to keep the ball moving against set defense. Friday's Cup games have not happened at this cutoff; update the forecast for new availability or a changed rotation.

WHAT TO WATCH

Indiana won the first meeting 136-109, but this projection assumes a new contest rather than a replay. The Pacers get the home lean if they turn stops into organized early offense. Brooklyn needs cleaner ball security and stronger defensive rebounding to avoid another game spent chasing. Recheck Friday's results and the active lineups before relying on the earlier matchup as evidence.

WHAT TO WATCH

Golden State stays home after Friday, while the Clippers travel from Minnesota. That preparation setting supports a narrow Warriors lean. Watch whether the home offense can create clean perimeter chances without sacrificing the glass. The Clippers can reverse the pick by slowing the game and forcing repeated half-court decisions. Neither Friday result nor Sunday's final player availability is assumed here.

WHAT TO WATCH

Toronto crosses the continent after Friday's home game, while the Lakers return from their California trip. The home lean is Los Angeles if it controls turnovers and makes Toronto defend patient possessions. Watch the Raptors' first-quarter shot quality and defensive rebounding. A strong perimeter response could narrow the gap, but the late-window forecast must be refreshed after the teams' earlier games.

SCOPE & EDITORIAL NOTE

Prepared October 27, 2026, using results through October 26. All 36 scheduled games are covered. Later-window picks do not assume intervening results, unchanged rotations or confirmed future availability. Times use the U.S. Eastern game date, with U.S. Pacific, Central Europe and UK conversions; U.S. clocks change November 1. Scores follow away-home order and include overtime if played. Picks and scores are editorial opinions, not results, betting lines or guarantees. Recheck schedules and official injury reports. AI images are conceptual illustrations, not actual game photographs.
