Gaziantep vs Rizespor

1X • 1-1 • 64%

The key mismatch is pressing resistance: Gaziantep should escape the first line and attack a retreating back four.

06 SUN 30

Basaksehir vs Kasimpasa

1X • 2-1 • 72%

Both sides can have spells, though Basaksehir's cleaner defensive spacing makes their positive result the sturdier editorial angle.

04 SAT 29

Galatasaray vs Goztepe

1 • 3-0 • 90%

An early stalemate is plausible, but repeated pressure should move the match toward Galatasaray after the interval.

07 SUN 30

Samsunspor vs Fenerbahce

2 • 0-2 • 84%

Expect a patient opening before Fenerbahce's circulation stretches the block and opens the far-side lane.
